

A bolt-together horizontal cooler designed for high-horsepower applications.

Model Z

Model Z Specifications

- Fan diameters from 48" to 204".
- Electric motor or hydraulic-drive configurations.
- Single- and multi-fan.
- Forced or induced draft.
- Typical compression HP: 500-10,000.

Model Z Advantages

- Increased intake area for more flexible siting.
- Suitable for installation on subcolumns or skids.
- Unique design fits most typical pipe-rack mounts.
- Bolt-together design allows for optional field assembly.
- Design allows increased fan deck clearance for easier drive maintenance.
- **New Stice Drive – standard:** Advanced drive system for improved cooler performance and reduced fan and drive component wear. *Exclusively from Harsco Industrial Air-X-Changers!*

*180-3Z with advanced Stice Drives
(Optional subcolumns not shown)*

Optional over-the-end warm air recirculation system

Optional automated louvers

Optional low noise emission fan

Harsco Industrial Air-X-Changers

Model Z

Model 2Z

Model 3Z

Optional Features

- Cooler finish per customer specifications, including tint-to-match paint and galvanizing.
- Multi-speed drives or auto-variable fans can provide superior degree of temperature control.
- Column extensions available to accommodate any headroom clearance.
- Framed drive-mount system, allowing side-access for easier electric motor maintenance and improved structural integrity.
- Louvers (manual or automated) downstream of the cooling sections to control air flow for temperature control.
- Auxiliary louvers (manual or automated) located upstream of the cooling sections to provide additional protection in cold weather climates.
- Warm air recirculation systems available over the end or side of the unit to better control process outlet temperature in cold weather climates.
- Hailguard over cooling section coils, independent or integral with shutters, to protect cooling sections.
- Low noise emission fans.
- Bug screens / lint screens over air intake to minimize external fouling of cooling sections.
